## PROFILE

---

I am a Full Stack Web Developer with a background in K-12 education. From my time as a teacher, I know what it means to be a leader, effective communicator, and supportive team player. These skills transferred naturally as I took on the project manager role for Session, the final project web application created in a team during my time at the Le Wagon Full Stack Web Development bootcamp.

## EDUCATION

---

<b>Le Wagon</b> <i>Completion of a 9-week intensive Full Stack Web Development bootcamp</i>	Madrid, Spain <i>Jan. – Mar. 2022</i>
<b>Bowdoin College</b> <i>Bachelor of Arts in Biochemistry, Minor in Sociology, magna cum laude</i>	Brunswick, ME <i>Aug. 2015 – May 2019</i>

## PROJECTS

---

<b>Snacky</b>   <i>Ruby on Rails, Stimulus JS, Heroku</i> <ul style="list-style-type: none"><li>Designed and developed a snack reviewing forum full-stack web application as a pet project</li><li>Implemented AJAX for a dynamic web app</li></ul>	July 2022 – Present
<b>MetCog</b>   <i>React</i> <ul style="list-style-type: none"><li>Built a meditation web application allowing users to randomize and select breathing exercises</li><li>Partnered with a UX/UI designer to ship the application from design to product</li></ul>	May - July 2022
<b>Session</b>   <i>Ruby on Rails, Stimulus JS, Bootstrap, Heroku</i> <ul style="list-style-type: none"><li>Developed a music sharing social media full-stack web application as the final project of the Le Wagon bootcamp</li><li>Implemented Spotify OAuth2.0 to acquire data from users' Spotify accounts</li><li>Led daily team stand ups as project manager to organize the app's production</li></ul>	March – May 2022
<b>Trashy</b>   <i>Ruby on Rails, Stimulus JS, Bootstrap, Heroku</i> <ul style="list-style-type: none"><li>Produced a clone of Airbnb in one week as a project of the Le Wagon bootcamp</li></ul>	March 2022

## OTHER EXPERIENCE

---
